NOTICE OF PUBLIC WEBINARS
Remote Participation Only

**SAFER: Overview of Proposed Updates to the Drinking Water Cost
Assessment Model**

Workshop 2: Modeled Treatment Analysis

Date: Thursday, October 5, 2023

Time: 9:00 AM to 12:00 PM

Register [HERE](#)

NOTICE IS HEREBY GIVEN that the State Water Resources Control Board (State Water Board) will hold a public webinar to provide an opportunity for stakeholders to learn about and provide feedback on the overview of the proposed Drinking Water Cost Assessment Model updates.

If you wish to watch the meeting: A webcast will be available at video.calepa.ca.gov/ and should be used unless you intend to discuss an agenda item.

If you wish to discuss an agenda item or ask a question: Information about participating telephonically or via the remote meeting platform is available in the public comment section of this notice ([below](#)).

MEETING MATERIALS

Meeting materials and details on remote participation will be available online at: https://www.waterboards.ca.gov/drinking_water/certlic/drinkingwater/needs.html

PUBLIC COMMENT

This meeting is open to the public. Members of the public will be provided an opportunity to discuss agenda items via videoconference or telephonically. Public comments on agenda items will be limited to three (3) minutes.

Please register for the webinar to receive the participation link for discussion: https://waterboards.zoom.us/webinar/register/WN_ofpzOH_ORpqWA_RoDoMPEA

LANGUAGE SERVICES

Spanish language interpretation can be provided for the webinar. If you require Spanish-language interpretation, please email a request to safer@waterboards.ca.gov at least 10 business days before the meeting.

If you require interpretation for a language other than Spanish or if you require sign language services, please email a request to safer@waterboards.ca.gov at least 10 business days before the meeting.

BACKGROUND

The State Water Board is implementing the Safe and Affordable Funding for Equity and Resilience (SAFER) Drinking Water Program with a set of tools, funding sources, and regulatory authorities designed to ensure that the approximately one million Californians who currently lack safe drinking water receive safe and affordable drinking water as soon as possible.

The SAFER Program is responsible for conducting an annual Needs Assessment, which consists of three components: (1) Affordability Assessment, (2) Risk Assessment, and (3) Cost Assessment. Results of the Needs Assessment are used to inform the prioritization of projects in the annual Fund Expenditure Plan for the Safe and Affordable Drinking Water Fund.

The State Water Board's Needs Analysis Unit in the Division of Drinking Water leads the implementation of the Needs Assessment in coordination with the Division of Water Quality (DWQ) and Division of Financial Assistance (DFA).

PURPOSE

This workshop will provide an opportunity for stakeholders to learn about and contribute to the State Water Board's proposed updates to the Cost Assessment Model for estimating interim and/or emergency measures and long-term solutions for failing public water systems, at-risk public water systems, at-risk state small water systems, and domestic wells.

Specifically, this workshop will focus on the methods and cost assumptions associated with the modeled treatment methodologies component of the Cost Assessment Model. The State Water Board will be hosting a total of three workshops in 2023 to solicit public input enhancements and updates to the Cost Assessment Model:

- **Workshop 1:** Physical consolidation GIS analysis and cost assumptions
- **Workshop 2:** Modeled treatment methodologies and cost assumptions
- **Workshop 3:** Complementary long-term solutions and emergency solutions cost assumptions

AGENDA

Items on this Agenda are numbered for identification purposes only.

1. Overview of Needs Assessment
2. Proposed Updates to the Cost Assessment Model
3. Summary of Proposed Updates to the Model Treatment Analysis Component of the Model
4. Public Feedback

ACCESSIBILITY

Please register for the webinar to receive the participation link for discussion.

Additional information about how to access the webinar will be provided via email.
