

Notice and Agenda

ASBS Natural Water Quality Committee

January 26, 2009, 1:00 - 3:45

Southern California Coastal Water Research Project (SCCWRP)

3535 Harbor Blvd., Suite 110

Costa Mesa, CA 92626

For directions: <http://www.sccwrp.org/contact/map.htm>

For audio call in: (714) 755 3296 (pass code 3535)

For video/web info: Contact Ken Schiff (kens@sccwrp.org)

State Board resolution 2004-052, Section 3.a. provides the mission of the Committee to evaluate the UCSD/SIO Monitoring Data, advise the Regional Board regarding impacts of Scripps' discharges to ASBS and to answer the questions: a) is natural water quality being altered, and b) is the marine aquatic life beneficial use in the ASBS being protected? The committee will focus on Scripps and other relevant La Jolla data to answer this main question over the permit cycle. The committee also clearly recognized the importance of their work in the context of the greater ASBS, Ocean Plan, and storm water issues. In response all have agreed that their work should provide guidance for assessing impacts to water quality in any ASBS in the State. Three areas of emphasis have been agreed on: 1) Are water quality objectives and permit limits being met? 2) What are impacts to marine species and communities? 3) What would ambient marine water quality be like without waste discharges, and how does effluent impact that water quality?

Agenda

1) Introductions and Approval of Minutes (10 min)

2) Updates

- a) status of contract (5 min)**
- b) next meetings scheduled (5 min)**
- c) SWRCB regulatory activities (5 min)**
- d) Prop 84 grants (15 min)**
- e) regional monitoring (20 min)**
- f) status of Dr. Raimondi's intertidal study (20 min)**

5) SCCOOS collaboration with ASBS (20 min)

6) Chlorine subcommittee report (10 min)

7) Discussion item - Annual Report to SWRCB & review timeline (55 min)

8) Adjourn
